

KUBAN COSMETICS LTD.

Kuban is a group company that has different facilities all over the world since 2016.

Kuban Cosmetics has started its activities in 2016 and within a short time it is successful to enter most of the markets. All of the products that Kuban Cosmetics is producing, exported to different countries all over the world.

Private Label Our Expertise – Your Brand

Kuban has a simple no-nonsense approach to your Private Label requirements. For qualifying customers, we offer a manufacturing service that allows you to customise our extensive range of products with your company branding. Our on-site laboratory can also formulate bespoke products to suit your requirements and we can create any formulation to your brand.

Our in-house design team has a range of design templates to simplify the Private Label process and make the transition from order to delivery as fast as possible, or we can design packaging to suit your exact requirements. We provide Private Label products to over 30+ countries worldwide and offer a complete language translation service. All products are supported with technical data and information sheets. The following products are available for qualifying Private Label customers:

Toilet Rim Blocks, Aerosol Products, Detergent, Powders & Liquids, Dishwasher Liquids, Bleaches & Disinfectants, Creams, Floorcare Products, Handsoaps, Specialist applications

Kuban approach to Private Label is to present custom solutions that fit the diverse needs of your business, offering you full control of your brand every step of the way.

All R&D and production processes at Kuban Cosmetics are managed with international standards in a manner that is harmless to humans and the environment. R&D studies are maintained to create products that can rapidly respond to market conditions in line with the changing needs of consumers.

All ingredients used in the products of Kuban Cosmetics are selected in compliance with the European Regulation 1223/2009 on Cosmetics criteria . All product formulations are created with the safest raw material combinations and are offered to consumers only when their effectiveness has been proven by dermatological testing.

All products including liquid and semi-liquid product groups such as Aerosol Products, shampoos, oils, Toilet Rim Blocks, Hand Sanitizers, Wet Wipes, creams and detergents as well as , perfumes, and deodorants are produced at the Çerkezköy and Luleburgaz Manufacturing Facilities located over an area of 22,000 m2.

A/C Cleaner

- *NuaCar* The vehicle is a fast hygienic disinfection and cleaning product designed for use in the interior of the air conditioning system and vehicles. Bacteria, fungi and odors caused by microbes. Prevent allergic reactions and leaves a pleasant smell.
- *NuaCar* air freshener spray uses a car's recirculated air system to remove odors in hard-to-reach areas in your car, truck or SUV
- Simple single-use aerosol refreshes every area of your car in just 30 minutes
- Moves through the ventilation system, across the headliner and in between all other hard-to-reach areas to completely penetrate your car interior
- Turn the air conditioner on high, hit the recirculate button, activate the car air refresher, close the doors for 10 to 15 minutes, and then open all doors and let the car air out to experience that "new car" feeling again

Premium Reed Diffuser City Series

SENSE ME CITY SERIES: GRANADA

- The member of our Premium room perfume family, which is a very special series, designed with oriental scents: GRANADA . Bringing together the magnificent aromas that come to mind when it comes to woody and spicy scents, BROWN SOIL greets you with cinnamon and orange essences when you open the lid. BROWN SOIL, which opens its heart to you after winning your heart, increases enthusiasm with its aromas of thyme, coriander, cedar and rare guaiac. When it reaches its peak, it refreshes your home and office with its top notes of patchouli, musk and vanilla. Moreover, with its stylishly designed bottle, it is pleasing to the eyes as well as the nose.

Odor Eliminator For Pet

 FORMULATED IN GERMANY

400 ml

- *Briss Odor Eliminator, kills bacteria odors using photocatalyst technology, which is green chemistry that uses the air molecules in our eco-system to instantly dissolve and decompose the bad odor molecules and turn them into H2O & CO2.*
- *Briss is a concentrated formula that works with nature! You use it to spray on your pets before and after they go outside to protect them from the bacteria odor molecules. It is also used to spray directly on their beds, inside your car, on carpets, furniture, inside the kennels, and just about anything that has odor! If your pets smell, will eliminate their body odor and help make their fur and skin softer.*
- *Briss is completely safe to use on the skin. Spray it on cloth and wipe away those eye boogers and clean those paws! It's non-toxic ingredients are safe to use around children! Tough smells are a thing of the past. Leave your home and pets smelling fresh and clean!*

Non-Toxic Kills Bacteria Odors Gentle & Safe on Skin Keeps Fur & Skin Soft Safe For Pets & Kids No Harsh Irritating Chemicals

Odor Eliminator For Car

 FORMULATED IN GERMANY

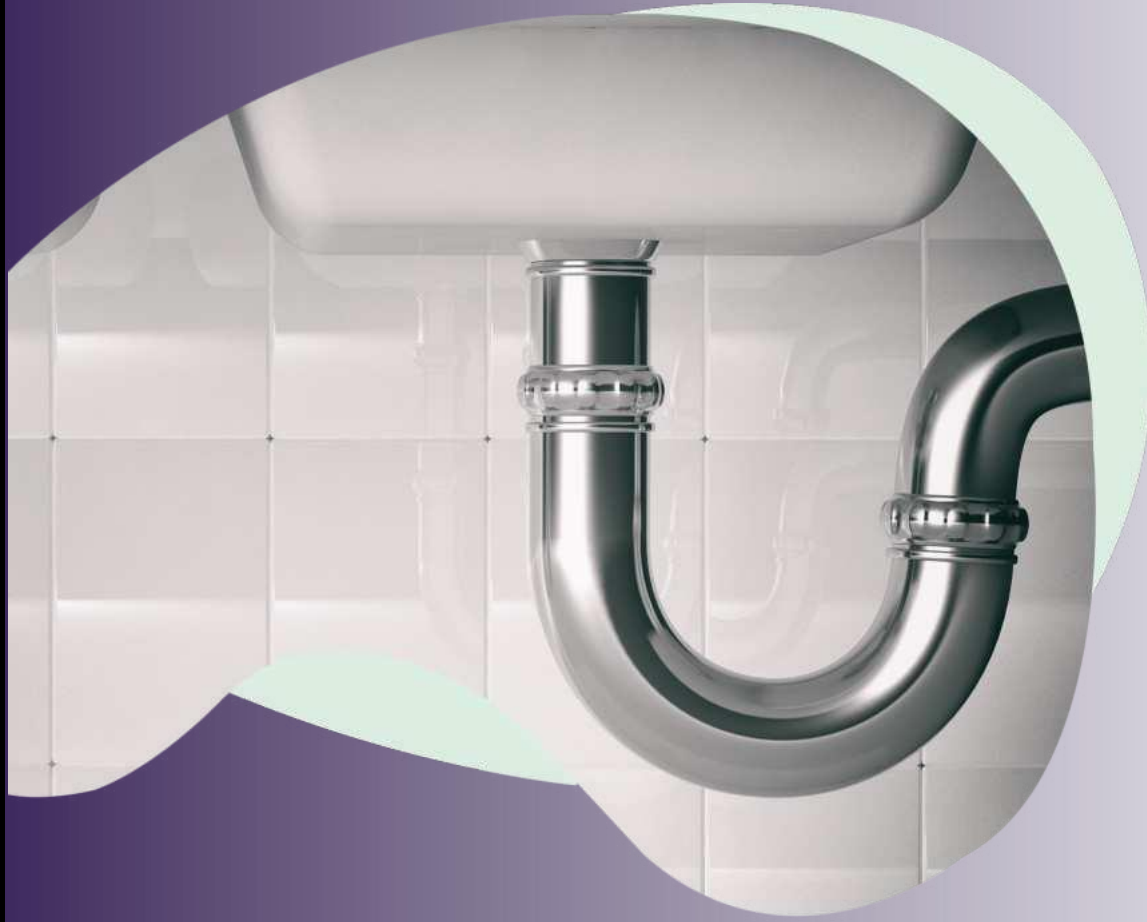

- *Briss Odor Eliminator & Refresher Eliminator & Refresher is specifically designed to refresh and eliminate common automotive odors, including tobacco, odors from pets, food spills, gym bags, sports equipment and more. The confined space of automotive interiors and the variety of uses of our automobiles tends to concentrate odors which can be inconvenient to the driver and more so, passengers. The exclusive formula is a combination of malodor eliminating chemistries, combined to neutralize deeply absorbed odors in fabric, carpet, headliners and in automotive vents.*
- *The advanced molecular odor seeking chemistry plus odor encapsulation technology are combined with pleasing complimentary long lasting new car fragrance which leaves a barrier on interior surfaces as well.*
- *This advanced chemistry with three distinct active ingredients continues to work and absorb odors keeping the interior fresh and clean smelling.*

Drain Opener Granule

- *Infinite Power!*
- *Maxijen Granules is a plug unblocker that cuts through the toughest kitchen clogs*
- *Maxijen Granules acts as a sink unblocker that reacts with water to melt grease and gunge*
- *Clears blocked kitchen sinks, plugholes and pipes*
- *The blocked drain cleaner that helps remove unpleasant odours*
- *Maxijen Granules reacts with water to melt grease and unclog sink gunge, clearing drain blockages and helping to remove unpleasant odours. To clean your drain easily, just pour 50 g of the plug unblocker down the plughole, immediately followed by half a litre of warm water. Then wait 15 minutes and run cold water through your now unblocked drain. Maxijen Granules clear up your drain with ease, allowing you to clean less and live more.*
